When we have doses available, we will contact you to make a vaccine appointment. This may take some time.

We will send you an email or text message with:

- a link for scheduling your appointment, and
- a list of available clinic dates, locations, and times.

The email will come from [c19vaccination@montgomerycountymd.gov](mailto:c19vaccination@montgomerycountymd.gov).

Your appointment link will be just for you. Do not share it with other people.

**Get vaccinated**

All vaccinations are by appointment only — no walk-ups.

Second doses: No need to preregister for your second dose! About three weeks after you get your first dose, we will contact you for your second dose appointment. The email will come from [c19vaccination@montgomerycountymd.gov](mailto:c19vaccination@montgomerycountymd.gov).

**What you need to know to pre-regi...**

At this time, the federal government is giving Maryland approximately 10,000 doses per day for over 1.5 million people who are eligible. SUPPLY IS VERY LIMITED, especially as the vaccine is becoming available to more people. PLEASE BE PATIENT as the available supply of the vaccine in Maryland works to catch up to the demand. The vaccine will eventually be available to all Marylanders.

## How Do I Get a COVID-19 Test in Montgomery County?

Testing is free. If you have insurance, we will ask for your information, but there are no co-pays or deductibles. [See our Notice of Privacy Practices for information we collect.](#)

We do not require a government ID or a doctor's order.

### About our tests

We offer testing to anyone who lives, works, or regularly visits Montgomery County.

We test people of all ages. If you bring young children, we may ask you to help them.

Our clinics provide nasal swab tests. You take the sample yourself. The tests are molecular tests. Also called PCR tests, these diagnostic tests detect genetic material of the COVID-19 virus using a lab technique called polymerase chain reaction (PCR). We do not offer antibody testing at any of our clinics.

### Getting your test results

You will get an email or text message about your test results.

To view your test results online

- For tests at the Germantown Recreation Center, and Montgomery County employee sites: Go to the [Genetworx Patient Portal](#) and create an account.
- For all other test sites: [Instructions for viewing test results online \(PDF\)](#)

County-supported test sites are averaging 3 to 5 days for lab results. We continue to work with our testing partners and labs to make results available as quickly as possible.

If you don't receive your results within 5 days after your test, [contact your test site.](#)
